About the college [Vision West Nottinghamshire College](#) is a major provider of post-16 education that makes a significant contribution to the communities it serves. Each year the college provides education and training to more than 14,000 full and part-time students across all major industry sectors, and from pre-GCSE to university level. This includes employer-driven and community-led courses, as well as provision for adult learners, making its provision fully inclusive and relevant to the whole of the local area and beyond. The Mansfield and Ashfield Sixth Form College based at the Chesterfield Road campus is opening in September 2021. This centre will be the new dedicated home for A-Level students. Students learn in state-of-the-art facilities with industry-standard equipment, allowing them to hone their skills for employment.

At college, we embrace and encourage all those who are driven to better themselves, achieve their goals and reach new heights. Outstanding resources combined with exceptional tutors and [student support](#) means that whatever your ambition, we can help you to achieve it.

To find out more about the courses on offer visit [wnc.ac.uk](#) or call 0800 100 3626 to talk to one of our advisors.
